FORM SIX SUBJECT CHOICE FORM 2020 – 2021

Dear Student

We are writing to inform you of subject choices for the forth coming AS and A-Level programme. We require you to select subjects which you are interested in, and have been successful in, in the IGCSE programme.

On the form attached please indicate the three subjects that you intend taking at AS Level. English is compulsory at AS Level thus all students will have to choose either English Language or Language and Literature. Please note that English is not compulsory at A-Level and students have a choice of discontinuing English at the end of their AS year. Please note that study in Mathematics is highly recommended as it ensures entry into all university faculties. To study Mathematics at AS Level students will need to achieve at least a C grade in IGCSE Extended Mathematics.

In all other subjects students will need to obtain a minimum of a C in a subject at Extended Level to be considered for that subject at AS Level – this does not guarantee a place, however, it is vital that you aim as high as possible. You must obtain a minimum of five C grades in the IGCSE examination to gain entry into the AS programme.

The interview team will do their best to accommodate choice in the final timetable, but it is not guaranteed. Please complete the form below by choosing three subjects and return it to Mr Makudo by 6th September. A student will be allowed to take one additional subject depending on the student's IGCSE results.

All choices are subject to an interview process in January 2020 once the IGCSE results have been issued.

Yours faithfully

T Makudo
