REGISTRATION FORM FOR INDIVIDUAL MUSIC STUDENTS 2020

Dear Parent

The Music Department is in the process of registering students for 2020. Students who intend continuing with instrumental lessons, as well as students who wish to enroll for 2020 need to complete the application form attached and return it to the Music Department as soon as possible.

Please submit only the form entitled "Registration Form" as well as the form indicating the instrument/s of choice. The remainder of the registration document is to be kept for your reference.

PLEASE READ THE CONDITIONS OUTLINED BELOW BEFORE COMPLETING THE REGISTRATION FORM

The department will accommodate as many students as possible. When the limit has been reached, new / prospective students' applications will be put on a waiting list.

We attempt to minimize group tuition and focus on individual tuition as far as possible. Piano students who have a keyboard / piano at home will be time-tabled first as continuous practice is vital. The school offers practice facilities although there is often insufficient time to make use of these during school time. Instrumental tuition requires effort from the student, teacher and parents / guardians. Students who do not have a piano or electronic keyboard at home cannot be considered for piano tuition as progress will inevitably be hampered by lack of sufficient practice.

Students who wish to learn a woodwind instrument would benefit by playing the recorder for a year (or two) before moving on to another woodwind instrument.

Students are expected to commit to the music programme for a minimum period of one term and written confirmation should be presented by a parent or guardian should a student decide to end his / her tuition. Students who do not display the required standard of progress will not be allowed to continue and their parents will be notified in time.

Woodwind students are originally supplied with one reed at the beginning of the year, thereafter the cost of reeds will be charged to his / her account. String players (i.e. violin and cello students) will be charged for new strings, bows, resin and bridges when these need replacing. Students playing reed or stringed instruments can purchase reeds, strings and all other instrumental necessities from the department.

Instrumentalists will be expected to join an ensemble as soon as they are considered ready. Especially strings and woodwinds, including recorder players who have progressed during the class music recorder programme.

External theory examinations are strongly advised. Students who are progressing to a satisfactory level will be provided with a theory workbook, and the cost thereof will be charged to the student's account. Students are expected to progress through their workbooks, ask for assistance when necessary and hand in their books regularly for marking.

PURCHASING / HIRING OF INSTRUMENTS

Students interested in playing a stringed, woodwind or brass instrument will have two options:

- Instruments can be purchased from several music stores; the Music Department will offer advice regarding the purchase of instruments.
- It is best however, to hire an instrument only when you are certain that your child will continue to play the instrument as instruments are expensive. Please do not purchase a violin or woodwind instrument for a beginner unless it has been confirmed that there is a teacher and a scheduled available time available for the student.
- Instruments can be hired at a monthly rate. A refundable deposit is charged in addition to the monthly fee if it is the first time you will be hiring the instrument. Parents / guardians are fully responsible for any damage to or loss of an instrument.
- **ALL MUSIC COSTS**, including examination fees, are to be charged to the student's account.
- Students / Parents / Guardians will be expected to complete a Rental Agreement form for hiring instruments. Instruments will only be released when the form has been completed and submitted to the relevant music teacher.

TUITION FEES – PER TERM FOR 2020

You will note there has been an increase in the cost per term. The cost is now a more realistic one, but it must be noted that these lessons are still being subsidised by the School. The fees remain well below the market rate, and this reflects our commitment to grow Music in our school and enable as many students as possible to take part. We thank you for your understanding in this regard.
